DIRECT ELECTION

PEOPLE OF 32 STATES TO ELECT U. S. SENATORS NEXT FALL.

DARK HORSE CANDIDATE

Will Be Eliminated—The Contest Over Panama Canal Tolls Law is Exciting.

(By W. C. Van Cleve.)

Washington, D. C., March 28.—The elections next fall will usher in a new epoch so far as the national congress is concerned. Not only will the people have to elect 435 members of the house, but, for the first time, they will be called upon to vote directly for candidates for the United States senate.

The new system of direct election of United States senators that promises to revolutionize both the membership and the methods of the senate, will be on trial in thirty-two states. Already senators have ceased to view public questions in the light of cold logic or according to the viewpoint of powerful state leaders, as the case might be, but they are busy trying to get in closer touch with the people and in diluting logic with public sentiment.

The new system will also eliminate from history the dark horse candidate and make it impossible, except in cases of temporary appointment to fill vacancies, for any man, however able or brilliant he may be, to come to the senate without declaring his candidacy and going before the people.

Senator Myers of Montana, a former Missourian, is perhaps the last man to enjoy the distinction of an election to the senate without asking for it. His name was used during a deadlock in the Montana legislature and he was elected before he knew he was running.

* * *

Though a considerable change in the personnel of the senate is expected, all indications point to an increase in the Democratic majority. With a vacancy already existing in the state of Alabama, the present membership of the senate is: Democrats 51, Republicans 43, Progressive 1. Of the 32 senators whose terms will expire next March, 17 are Republicans and 15 are Democrats.

Of the 17 states now represented by these 17 Republicans, Kentucky will certainly elect a Democrat to succeed Senator Bradley. The Democrats also claim a good chance to elect senators in Ohio and Connecticut, and are disposed to look with hopefulness on New York, New Hampshire, Illinois, Iowa, Pennsylvania, Utah and Kansas. The chances in Pennsylvania, Kansas and some of the other states mentioned depend on the extent to which the Progressives can divide the former Republican vote.

In Pennsylvania an interesting and spectacular campaign is in prospect with the three Ps—Penrose, Pinchot and Palmer—in the center of the stage. Senator Penrose will doubtless be the nominee of the machine Republicans. The Progressives who, in 1912, carried the state by 51,000 over Wilson and by 174,000 over Taft, will stake their political fortunes on Gifford Pinchot, and Representative Palmer will lead the Democratic hosts with the full sanction of the present administration. In Kansas all three parties will make a determined stand, the Progressives being led by their irrepressible house leader, Victor Murdock.

Oregon, Nevada and Colorado furnish all the hope the Republicans have of gaining from the Democrats. The Progressives, at this date, would seem to have no more than a remote chance of winning anywhere.

* * *

There have been no startling developments in either branch of congress during the past week. The house passed the agricultural appropriation bill, including many features of interest to the farmers, and will tomorrow pass the river and harbor appropriation bill. The Hensley bill to prohibit the importation of foreign convict made goods, was again considered and brought forth much political sparring from Republicans who sought to so amend it as to make it an attack on the Underwood tariff law. The amendments were not adopted and the bill was passed.

According to Mr. Hensley there are 148,000 convicts in the United States engaged in the manufacture of various articles of commerce and producing annually about $34,000,000 worth of goods. There are in foreign countries two and a half million convicts engaged in factories, which, according to the ratio of production in this country, are making every year in the neighborhood of $560,000,000 dollars worth of goods which enter into the commerce of the world.

* * *

The most exciting contest in prospect is in relation to the repeal of the section of the Panama canal tolls law exempting American coastwise vessels from the payment of tolls. Private discussion of the matter has become quite heated during the past week and a formidable opposition to the repeal is predicted. The president, however, is still determined in the matter and is very apt to win by a safe majority.

* * *

The senate has discussed the question of woman suffrage, physical training and indulged some oratory on the conditions in Mexico. A vote was reached on the question of a constitutional amendment granting woman suffrage and resulted in a way to give hope to both sides. The vote stood 35 for and 34 against. It lacked the necessary two-thirds majority, but was nevertheless a majority. So the ladies have renewed their activities with added zeal in both senate and house. The house has committed itself to the principle that the qualifications of voters is a matter for the several states to determine each in its own way and will not change.

LANDS GOOD POSITION.

Ralph Rhoades, Former Nodaway County Boy, Now Connected With Minnesota State Fair.

Ralph Rhoades, son of Dr. M. M. Rhoades of Graham, was appointed superintendent of amusements of the Minnesota state fair last week. Mr Rhoades is general manager of a lumber company at Downs, Kan. Mrs. Rhoades is a former Maryville girl, Miss Nona Nixon, daughter of Mr. and Mrs. I. W. Nixon.

The following is from the Downs News:

Ralph Rhoades last Friday received from Secretary Simpson of the Minnesota state fair the appointment as superintendent of amusements of that institution for this year. This is indeed a compliment to Mr. Rhoades, as he last season held the position of assistant manager in the same office. No doubt his personality and ability won him this appointment and promotion. The Minnesota state fair is one of the largest, if not the largest of the state fairs, every department being on a mammoth scale, and the amusement department represents the expenditure of several thousand dollars, as a dozen bands are used and from fifteen to twenty expensive attractions. Mr. Rhoades is undoubtedly well fitted for the position, not only being a business man of ability, but also having had much experience in the outdoor amusement in handling the highest class of attractions.

The Minnesota state fair is held at Hamlin, between Minneapolis and St. Paul, the dates this year being September 8 to 12 inclusive. Mr. Rhoades will go up there about a week prior to the opening, so as to be there to get his talent lined up for the occasion.

REGARDED AS A FINE SHOW.

"Princess Chic" at the Empire Theater on Tuesday Evening.

"Princess Chic," in which the famous Juvenile Bostonians Opera company will present at the Empire theater on Tuesday night, March 31, is the same splendid present-day New York hit that successively brought into stellar fams Maude Lillian Bergi, Vera Michalena, Marguerite Sylva and Christie McDonald. It is regarded as one of the assuredly great successes of the decade, a light opera sparkling with crisp comedy, replete with wonderful musical numbers and pretentious in rich costumes and scenic investiture. It fact, the bare announcement that the Juveniles are to present the piece is guarantee of their high standard of ability, for no manager ever would dare attempt such a sumptuous production without a cast of highest talent.

The most welcome announcement is made by the management that all of the best loved young stars of the company that now is making its ninth annual tour into the west will be presented in this engagement. Thom. Hellen, who had planned to accept an offer from a New York company at the last moment, decided in favor of the company that has established her envied fame, and will be seen in the main role. "Billy" O'Neill, "Patsy" Henry, Ina Mitchell, Daisy Henry and Dixie White also are still in the company, being cast in the other principal parts of the production.

Fred Thompson Operated On.

Fred Thompson, son of Mr. and Mrs. Noah Thompson, was operated on Sunday afternoon at St. Francis hospital for appendicitis. He is doing nicely.

TO BE TWO TICKETS

NON-PARTISAN CONVENTION TO SELECT ONE.

WILL MEET TUESDAY EVE

Hal Hooker From First Ward on People's Ticket—Other Candidates on Non-Partisan Ticket.

The indications are that there will be two entire tickets in the field at the city election, the Non-Partisan and the People's tickets. The People's ticket is already in the field and the Non-Partisan ticket will be selected at the mass meeting to be held at the court house Tuesday evening.

The name of Augustus Romasser for mayor will be submitted at the meeting tomorrow evening for nomination and he will be chosen to head the Non-Partisan ticket. E. C. Moberly and Frank Partridge will contest for the office of city marshal in the convention, and the indications are Moberly will win. For city collector, John G. Grems, the present incumbent, is a candidate, subject to the action of the convention.

For members of the city council, Jesse Fisher is a candidate from the first ward, C. F. Welborn from the second and W. A. Tindall from the fourth. These names will come up before the mass meeting Tuesday evening. In the third ward no one has been selected as alderman, and it was thought today that an effort would be made to have Charles McNeal as the Non-Partisan candidate.

The People's ticket is headed by U. S. Wright for mayor. The name of Mr. Wright will not be submitted at the convention Tuesday evening. Sam G. Selecman will run for city collector and E. C. Moberly for city marshal on this ticket. For members of the city council, Hal T. Hooker will run in the first ward, Frank Garrett in the second, Charles McNeal in the third and W. A. Tindall in the fourth.

Leaders of the People's ticket said today that a great number had signed their petitions requesting these men to run and all of these candidates have accepted.

KILLED IN WRECK.

Passenger Train on the Big Four Wrecked Near West Liberty, O.—Only One Killed.

Mr. and Mrs. J. A. Dempsey of this city received a telegram Sunday morning that Miss Lou Neal of Toledo, O., a sister of Mrs. Dempsey, was instantly killed in a railroad wreck near West Liberty, O. The wreck was on the Big Four route from Detroit to Cincinnati. The rear truck of the dining car left the track at a switch and the rear coach, a chair car, was hurled into the ditch. Miss Neal was thrown through a window.

Miss Neal was about 42 years of age. It is supposed she was making a trip to a town nearby to visit friends and relatives.

Mrs. Mary Gray Dead.

Mrs. Mary Gray of Pickering died early Monday morning after a short illness. She was 75 years old and had lived in Nodaway county many years. Her husband, William Gray, died fourteen years ago. She is survived by a son, Emmett Gray.

The funeral services will be held Tuesday afternoon at 2 o'clock at the First M. E. church in Pickering.

A SEDALIA BOY

"DUTCH CHARLIE," SHOT FRIDAY, PROBABLY HEIMBURG.

HAD BAD REPUTATION

J. G. Gross of Maryville is Certain He is Same Boy He Knew When in Sedalia.

Local authorities are now of the opinion that "Dutch Charlie" Hoffman, who was shot and killed in a struggle with Deputy Sheriff Gabe Purcell last Friday evening, is no other than Charles Heimburg, a former Sedalia boy of bad reputation.

John Williams, a local contractor, claims he talked with Hoffman a week ago on the Burlington train between Arkoe and Maryville, and that Hoffman asked about W. G. Cross of Maryville and said that he used to know him years ago. Mr. Williams, in company with Mr. Gross, identified the body Sunday morning.

Mr. Gross knew Heimburg in Sedalia twenty-four years ago, and he said at that time he was known as one of the bad boys of the town. Hoffman, alias Heimburg, had a scar on the back of his neck and Gross claims that the Sedalia boy had the same kind of a scar.

A man claiming to be an undertaker at St. Joseph, called up Coroner Wallis and wanted him to send the body to him. He claimed he was calling in behalf of a relative. He was informed that the relative would have to appear in person and make formal claim of the body.

Heimburg had about $100 in cash on him.

TO MEET AGAIN SATURDAY.

The People's Telephone Union to Vote on New Constitution at That Time.

The representatives of the People's Telephone Union, in session Saturday afternoon at the court house, failed to adopt the new constitution. The convention took a standing vote on the constitution by sections. Owing to the late hour the last two sections were held over until the next meeting, Saturday, April 4.

The most important section discussed was the section in regard to rates. The majority of the delegates favored having a maximum rate of one dollar for business phones and sixty-five cents for residence. Also that subscribers will have to buy their phones and the company will do no repair work on them, but only on trunk lines.

At the meeting Saturday the constitution will be voted on as a whole.

A NEW STORE FOR MARYVILLE.

Harvey L. Haines of Sabetha, Kan., to Open a Ladies' Ready-to-Wear Store.

Harvey L. Haines of Sabetha, Kan., is to open a ladies' ready-to-wear store in Maryville about June 1, and has leased the Moss building on North Main street, where Mrs. McCrary is now located. The name of the firm will be Harvey L. Haines.

The Maryville store will make the third store for the Haines brothers. One store is at Sabetha, Kan., and is in charge of C. S. Haines, and the other at Eldorado, Kan., and is in charge of F. H. Haines.

Mr. Haines was accompanied to Maryville by his brother, C. S. Haines, and they are well pleased with the city. They are experienced business men.

WAS A HEAVY RAIN.

The Rainfall Up to 7 o'Clock This Morning of Past Two Days Was 1.7.

The showers that we have been having for the past three days are welcomed by the farmers and will put the ground in a good condition for work. Weather Observer Brink reports 1.7 inches of rain since Saturday up to 7 o'clock this morning. For a twenty-four hour period 1.2 inches fell. This has only been exceeded four times in March during the twenty years that the records have been kept. March 12, 1899, for the twenty-four hour period the rainfall amounted to 1.23 inches. March 10, 1901, it amounted to 1.7 inches; for March 24, 1904, 1.38 inches, and for March 17, 1905, 1.4 inches.

The rainfall for this month up to Monday was 2.48 inches. This amount has been exceeded four times for March since the records have been kept. For March, 1899, the rainfall was 2.61 inches; 1901, 4.18 inches; 1904, 3.23 inches; 1907, 2.98 inches.

OPENING OF NEW THEATER.

The Fern Theater Will Present Their First Show in New Building on Wednesday.

The Fern theater will open Wednesday night in their new place, in the old Wadley building, on the south side of the square. The building has been thoroughly remodeled for a theater and is a very attractive place. A new machine for movies has been purchased by the proprietor of the theater, James B. Ells, and is known as a Simplex Kimacolor machine. It will be ready to use on the opening night. New chairs, 18 inches, of steel, unbreakable, with arms, have been put in.

On the opening night a special two-reel film, "The Wild Beasts at Large," will be shown. Another good film will also be given and there will be music by an orchestra.

The new machine can show colored pictures, and Mr. Ells has secured a film of this kind for Thursday night.

DIED IN ST. LOUIS.

Mrs. Fred Rowley Passed Away in St. Louis Hospital Saturday Morning—Burial Here Tuesday.

Burt M. Rowley of this city received word Sunday of the death of the wife of his brother, Fred A. Rowley of St. Louis, which occurred Saturday morning at 2 o'clock in a St. Louis hospital. Mrs. Rowley had been in the hospital since her arrival home from a six months' stay in Colorado Springs, Col., for the benefit of her health. Her general health had been undermined for several years and everything possible was done to restore her to health, but the disease of tuberculosis had too strong a hold upon her to be overcome.

Her body will be brought to Maryville Tuesday morning for burial. Brief funeral services will be held Tuesday afternoon at 2:30 o'clock at the home of Mr. and Mrs. E. B. Sheldon, 413 West Second street, with whom Mrs. Rowley made her home before her marriage. The services will be conducted by Rev. Robert L. Finch. Burial will take place in Miriam cemetery. A funeral service was conducted in St. Louis Monday afternoon.

Mrs. Rowley was 41 years old the 27th day of February last. She was born in Nodaway county, the daughter of Charles Massie. Her parents died when she was quite young, and she grew up in the home of Mr. and Mrs. Sheldon of this city. Everything in regard to her funeral is being done according to her request. She wished her body brought to the home of the only mother she remembered for the last rites, and her burial to take place in Miriam.

She was one of the most successful teachers in Nodaway county at the time of her marriage. She graduated from the Stanberry normal and later from Ewing's Business college of Maryville. She was converted and became a member of the First Christian church of Maryville during the pastorate of Rev. Cleo M. Chilton and lived a beautiful, consistent Christian life.

She is survived by her husband a sixteen-year-old son, Forrest; three brothers and a sister.

On Visit in Kansas City.

Senator and Mrs. Anderson Craig went to Kansas City Saturday evening, where Mrs. Craig will spend three weeks with her son, Dr. Arthur S. Craig. Mr. Craig came up to Savannah Sunday evening to address the union temperance meeting held in Savannah Sunday night at the Methodist church, South.

Estes Bailey is very sick at his home on South Dewey street.

HAD A GREAT TIME

AT THE BANQUET GIVEN BY S. R. BEECH TO FRIENDS.

GOOD AND BAD THINGS

Told On Postmaster Beech by the Speakers—Beeches to Move to California.

Ninety-five mutual friends of Postmaster S. R. Beech dined at the Linville hotel Saturday night. This was Mr. Beech's farewell to Maryville, and his many friends, as he expects to leave for his future home in San Diego, Cal., in a few weeks.

Col. W. C. Pierce was ringmaster for the occasion and, assisted by a half dozen orators of note, said all kinds of good and bad things about the host, all of which was thoroughly enjoyed by him.

At the close of the banquet a fine Hamilton gold watch was presented to Mr. Beech by his friends, with the following inscription on it: "S. R. B." "From his friends, March 28, 1914." The presentation speech was made by G. R. Ellison.

L. C. Cook was called upon by Ringmaster Pierce to talk on "Mr. Beech as a neighbor." The ringmaster requested Mr. Cook not to tell all he knew about the host as a neighbor, but merely to state a few good things about him. Attorney Cook informed the banqueters that he knew nothing good of him, and in an amusing talk let out some neighborly secrets, to which he and his neighbors swore were true. Mr. Beech was called upon to defend himself.

Other speakers were M. E. Ford, W. A. Blagg, George L. Wilfley, Augustus Romasser, John Dawson and George H. Meek.

Mr. Beech has been a resident of Maryville for many years. He came to Nodaway county about 1868 and located eleven miles west of Maryville, and there he led a busy life for some time, farming, teaching school and mining coal.

Always being interested in politics, Mr. Beech was elected sheriff of Nodaway county in 1872. He made such an excellent record that he was re-elected at the expiration of his term, he being the first individual to be elected two terms successively as sheriff of the county. He began studying law during his leisure moments and was admitted to the bar in 1877, and from that time to 1906 successfully applied himself to its severe and exacting labors and duties in this city.

Mr. Beech was appointed circuit judge of this district, filling the unexpired term of Judge Kelley, ending in 1886. In 1892 he was his party's candidate for this office, but was defeated by twenty-two votes.

Mr. Beech served as mayor of Maryville for one term, 1880 to 1882. He was for ten years chairman of the Republican central committee and also served as city attorney.

In 1906 Judge Beech was appointed postmaster by President Roosevelt, and so satisfactorily did he discharge the duties of the same that President Taft re-appointed him to this important position. His term expired March 17, but he will until April 1, when the new postmaster, James Todd, takes charge. Judge Beech was also postmaster away back in the sixties. He held the office of postmaster at Cambridge, Pa., for two years, when he resigned and came to Nodaway county.

The many friends of Judge and Mrs. Beech over Nodaway county regret to see them leave Maryville, but wish them success in their new home.

AFTER COUGHING TWO YEARS

Waycross, Ga., Woman Found Relief in Vinol.

Did you ever cough for a week? Then just think how distressing it must be to have a cough hang on for two years.

Mrs. D. A. McGee, Waycross, Ga., says: "I had a very heavy cold which settled into a chronic cough which kept me awake nights for fully two years, and felt tired all the time. The effect of taking your cod liver and iron remedy, Vinol, is that my cough is gone. I can now get a good night's rest and I feel much stronger in every way. I am 74 years old."

It is the combined action of the medicinal elements of the cods' livers, aided by the blood making and strength creating properties of tonic iron which makes Vinol so efficient for chronic coughs, colds and bronchitis—at the same time building up the weakened, run down system.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Orear-Henry Drug Co., Maryville, Mo. —Advertisement.

SICK, SOUR STOMACH, INDIGESTION OR GAS

Take "Pape's Diapepsin" and in Five Minutes You'll Wonder What Became of Misery in Stomach.

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.—Advertisement.

BABY DAUGHTER DEAD.

Seven-Months-Old Child Died Saturday Evening While Playing in Her Father's Arms.

Mabel Marie, the 7-months-old daughter of Mr. and Mrs. Ray Lincoln of Clearmont, died suddenly Saturday evening while playing in her father's arms. The little girl had not been well for some time, owing to an affection of the kidneys, but her condition was not regarded as serious. The young parents have the sympathy of all in the first sorrow they have known.

The funeral services were held at 1 o'clock Monday afternoon at the Christian church in Pickering by Rev. J. W. Love of Burlington Junction. Mr. and Mrs. O. A. Lincoln of Burlington Junction also attended.

Mrs. Ray Lincoln is a daughter of Mrs. Laura Watson of Pickering.

Miss Cecile Benight returned Sunday afternoon from a few days' visit in St. Joseph with Miss Myrtle Ladwig and other friends in St. Joseph.

Mrs. Joseph Linneman of Clyde visited in Maryville from Saturday until Monday with her sister, Mrs. Anna Miller.

Mr. and Mrs. Thomas Taylor returned Monday morning from a visit with their daughter, Mrs. Charles Brady of Ft. Wayne, Ind.

Loren Egley returned Saturday from a week's visit with his uncle, Russell Thompson, of Hopkins.

Bride Daughter Their Guest.

Mrs. Vera Sayler Pickett of Des Moines, Ia., arrived Sunday on a visit to her parents, Judge and Mrs. J. H. Sayler. This is Mrs. Pickett's first visit home since her marriage a few months ago.

Her Husband's Birthday.

A very pleasant surprise was given Frank Buzzard, living north of Maryville, Wednesday evening, March 25, by Mrs. Buzzard, in honor of his twenty-ninth birthday. Quite a number of their friends were invited to spend the evening socially. Music upon organ and violin was enjoyed until a late hour, when a two-course luncheon was spread by Mrs. Buzzard, that consisted of sandwiches, coffee, cake, pie, peaches and oranges. Those present were Mr. and Mrs. Levi Buzzard, Mr. and Mrs. Raleigh Bancroft, Mr. and Mrs. Harry King, Mr. and Mrs. Bert Baldwin and children, Mr. and Mrs. Charles Veach and children, Mr. and Mrs. Marion Crawford, Mrs. T. Norris, Misses Lois Meadows, Ethel Morris, Messrs. Lee Morris and Byron Meadows. All were glad to be one of this merry party.

A Hard Time Party.

Mr. and Mrs. Charles Florea and Mr. and Mrs. Everett Florea, living two and one-half miles northeast of Gaynor, were hosts and hostesses of an old fashioned hard time party at their home a few evenings ago. A ghost met the guests at the door and escorted them to the stairway, where another ghost met them and pointed them to a room in which to leave their wraps. The ghost then directed them to another room where all were seated on the floor. The entire house was lighted by old fashioned tallow candles. The evening was spent in playing old fashioned games and singing and playing old fashioned music. At a late hour the guests were again seated on the floor and served to mush and milk in tin cups, also cheese and cracker sandwiches. Miss Addie Killam and Roy Killam carried off the prize for being the most appropriately dressed couple present. INTERSTATE MEETING OF W. C. T. U. IS HELD

Five Thousand Attend Rally at Kansas City.

Kansas City, March 30.—"If you have got any money in the liquor business, get it out and get it out quick; in five years, brewery stock in this country will not be worth as much as confederate money was in 1865," Mrs. Mary Harris Armour of Macon, Ga., asserted in addressing the International Woman's Christian Temperance union rally. Five thousand persons attended the gatherings and the states of Missouri, Colorado, Nebraska, Arkansas, Oklahoma, Kansas and Mississippi were represented.

The meetings were the first of a series of interstate gatherings to be convened throughout the country to fight for national constitutional prohibition.

CHILD SEES BY PIG'S EYE

Sight Given Infant by Grafting Cornea of Animal.

Baltimore, March 30.—Sight has been given to the left eye of David Kane, nine-months-old son of Herman Kane of Gettysburg, through the grafting of the cornea of a pig's eye to the child's eyeball, according to a statement of physicians at a hospital. Certain tests, they assert, have brought out this fact without doubt. When the bandage was removed from the eye, it was declared, the child followed the course of a lighted candle which was moved in front of him. Another test that brings out the fact more clearly is that the child now winks his eye if a finger or a small object is waved close to the eye.

OXFORD TEAM COMING SOON

English Track Men Will Compete With American College Fours.

Philadelphia, March 30.—Official announcement has been made of the personnel of the Oxford university four-mile relay team, which will run against the best of the American college fours at the University of Pennsylvania relay games at Philadelphia on April 25. The English university team will consist of A. N. S. Jackson, Norman S. Taber, G. M. Sproule and D. N. Gaussen.

Fatal Wreck on Big Four.

West Liberty, O., March 30.—One person was killed and several injured when a passenger train on the Big Four railroad was wrecked near here. The rear truck of a dining car left the track at a switch and the rear coach, a chair car, was hurled into the ditch. Miss Lou Neil of Cleveland, a passenger in the chair car, was thrown through a window and crushed to death when the car overturned. Ten other occupants of the car were cut and bruised.

Gould Again Shows Form.

Tuxedo Park, N. Y., March 30.—In an exhibition match in court tennis doubles, Jay Gould, champion of the world, and W. H. Huhn, who, with Gould, holds the American amateur championship in doubles, defeated George F. Covey, former champion of the world, and Neville Lytton, amateur champion of England, three sets to one.

BURIED IN BURLINGTON JUNCTION

Body of A. Garner Brought From Clarinda Sunday to Former Home—Lived in South Dakota.

Abe Garner of Chalkbutte, S. D., died Saturday in Clarinda, Ia., where he had been visiting for several weeks in company with his wife. They had intended going to Denver, Col., for treatment for cancer, but when they reached Burlington Junction, where they lived eleven years before going to South Dakota six years ago, it was found useless. Mr. Garner's death was caused by cancer.

The funeral services were held Sunday morning at 11 o'clock in the United Brethren church at Burlington Junction by Rev. J. W. Love of the Christian church. Burial in the Ohio cemetery.

He is survived by his wife and three children.

Call For Mass Meeting.

At a regular meeting of the board of aldermen on March 6th, 1914, a citizens' mass meeting was called to meet at the court house at 7:30 p. m., Tuesday, March 31st, for the purpose of nominating the candidates for the various city offices to be voted for at the next general city election. All citizens, irrespective of party, are urged to take part in the deliberations of this meeting, where every man will have a chance to cast one vote for his choice. A full turnout of all the citizens is earnestly solicited, that all may have a part in making up this ticket.

STRIFE OVER TOLLS RENEWED

Congress Absorbed by Battle to Sustain Views of President.

SPEAKER TO CLOSE DEBATE.

Friends of Wilson Confident Sims Bill Will Pass House, but Look for Breakers Ahead in Senate—Numerous Propositions Suggested.

Washington, March 30.—Strife over repeal of toll exemption for American coastwise ships passing through the Panama canal was renewed in both the senate and house today. In the latter general debate was resumed on the Sims bill, leading up to the final vote in that branch of the congress probably Wednesday. In the senate discussion will revolve around one of the many side issues that have arisen, Senator James Hamilton Lewis proposing to discuss a resolution and bill he has introduced to follow repeal as a sort of balm to the wounds of his party members who have thus far opposed the president in his plea for upholding the honor of the nation.

Authority to Suspend Tolls.

Senator Lewis' measure would give the president authority to suspend tolls wherever, in his opinion, he should deem it in the public interest so to do. The Illinois senator will cite precedents upon which he bases the right of congress to extend such authority to the chief executive without offending any foreign nation or violating any treaty agreement. As against the proposal of Senator Lewis, the minority leader, Senator Gallinger, will urge a resolution he introduced last week, which would express it as the sense of Americans that congress has the right to do as it pleases with respect to American shipping through the canal.

In the house, opposing leaders in the fight are setting the stage for the final struggle, all conceding that the scene to attend the closing hours of the debate and roll call will rival in sensational enthusiasm any legislative climax in recent years.

Speaker Champ Clark, whose vigorous statement against the cloture rule last week drew the curtain on the party breach, has prepared an epilogue and the house galleries cannot accommodate the thousands who will scramble for seats to hear him deliver it.

Speaker Will Close.

The speaker has maintained silence since his defeat on the cloture rule, when only fifty-five Democratic members of the house followed their recognized leaders, while some 200 of them stood by the administration, yielding to President Wilson's plea for support that he might deal with foreign problems confronting the nation. He will break the silence on the main issue of the controversy tomorrow, closing the debate on behalf of opponents of toll exemption repeal.

As to the party strife that has been precipitated by this unusual international complication, President Wilson has made no comment. Close advisers of the president insist, however, that he bears no personal nor political ill will toward the leaders of the party who have differed with him in this crisis; that he entertains no thought of holding a political grudge.

Breakers Ahead.

Breakers are ahead for the repeal, however, despite the situation in the house, where it is generally conceded the fight has been won. The only uncertainty in the minds of members as to the outcome of the repeal in the house is the size of the majority it will receive. The vote on the previous question on the cloture rule was won by the president's adherents by a majority of thirty-one. But the senate is yet to be reckoned with. There no cloture rule to limit debate can be ordered and it may be weeks before the question is disposed of.

Senator O'Gorman, who will lead the fight on the repeal within the party ranks, has said senators who propose to vote for the repeal have told him they did not expect a vote for six weeks. Senator Owen and other Democratic champions of the president's cause, assert that delay will serve no useful purpose, and they hope to have the committee on interoceanic canals, of which Senator O'Gorman is chairman, take up the Sims bill as soon as it comes from the house.

The committee is divided on the issue. At present, unless some members of the committee announce a change of view, it appears that the opponents of the repeal might have a majority of one in the committee.

Holdups Attack Party of Eight.

Johnstown, Pa., March 30.—When they refused to hold up their hands at the command of four masked men near Barnesboro, a party of eight men was fired upon and one of their number was killed and two others probably fatally wounded. The five uninjured men, cowed by the wounding of their companions, were robbed of their pay envelopes, amounting in all to nearly $200.

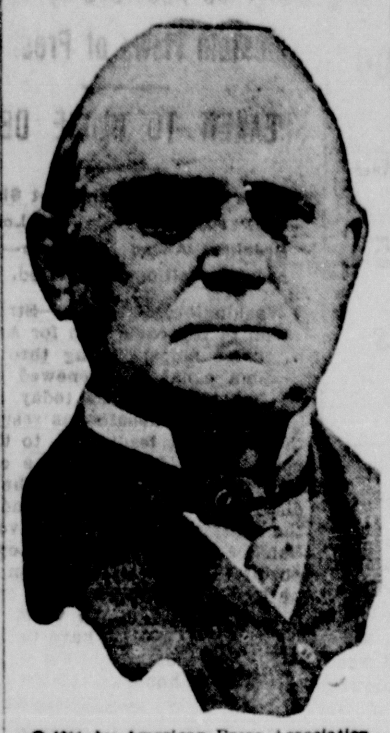
Speaker of House, Who Opposes Administration On Canal Tolls Repeal.



© 1914, by American Press Association.

SAYS WARSHIPS ARE LIKE EGG SHELLS

Modern Guns Too Strong, Declares Lord of Admiralty.

London, March 30.—Winston Spencer Churchill, first lord of the admiralty, has compelled the house of commons to listen for two and a half hours while he gave a review of the latest achievements in naval science so interesting that even the "little navy" men kept their seats to the end.

Battle between great modern ironclads, the first lord described, was "more like a battle between two egg shells striking each other with hammers than two men in armor striking at each other with heavy swords." "The offensive power of modern battleships is out of proportion to their defensive power," he said. "Never was the disproportion so marked. In the light of that illustration the awful importance of good gunnery must come home to us—the importance of hitting first and hitting hard."

Mr. Churchill believes that the British navy leads the world in flying. His personal exploits in that direction have been criticised as foolhardy for one of his position. He promised to give his fellow members an exhibition later in the season by bringing a fleet of airships over the parliament buildings.

THINKS KARLUK IS SAFE

Rear Admiral Peary Receives Letter From Explorer Stefansson.

New York, March 30.—Confidence in the safety of those on board the Karluk of the Stefansson expedition, which was lost track of months ago in the Arctic ice, is expressed by the explorer in a letter to Rear Admiral Robert E. Peary.

In the letter, Stefansson, referring to the Karluk, wrote that "Bartlett is capable of doing whatever can be done and I am sure can do something looking to the safety of those on board if they should have to land on Bank's land. I shall try to winter next year on Bank's or Prince Patrick with the Sachs."

The Bartlett referred to is Captain Robert Bartlett of the Peary expedition, who was in command of the Karluk when it disappeared. The Mary Sachs is another of the Stefansson expedition craft which, with the Alaska, the third vessel, is in winter quarters at Collinson point in the Arctic territory.

CHARLTON LEARNS ITALIAN

Young American Held for Murder Speaks the Language.

Como, Italy, March 30.—Porter Charlton, the young American who killed his wife, Mary Scott Charlton, when they were spending their honeymoon here in June, 1910, has acquired a sufficient knowledge of Italian to avail himself of the privilege under the Italian law to be the first and the last to address the jurors before whom he is to be tried on the charge of murder.

Suspension Bridge Breaks; 5 Drown.

Fresno, Cal., March 30.—By the breaking of a suspension bridge across the San Joaquin river, four men and one woman, crossing in an automobile, were plunged fifty feet into the swift flowing mountain stream and drowned. The occupants of the machine were: L. N. Peart, J. E. Burgess, Percy Marks, Mrs. Percy Marks and an unidentified man.

Fail to Settle Strike.

Buffalo, March 30.—A conference called at the request of the state board of mediation to arrange terms to settle the strike at the Gould coupler works at Depew ended in a deadlock.

BATTLE RAGING IN TORREON CITY

Rebels by Degrees Force Federals to Yield Stronghold.

REBEL LOSS NEAR THOUSAND

Capture Two More Vantage Points, but With Heavy Loss of Life—Trainloads of Wounded Being Sent Back to Chihuahua.

Juarez, March 30.—Fighting is still going on for the possession of Torreon, according to an official message from the front.

The telegram says the rebels now hold all positions except the main barracks and two smaller barracks. In the last twenty-four hours it is reported that General Villa took Cerro de la Cruz and the Torreon foundry.

Another telegram admits a rebel loss in the last six days of 900 killed and wounded, and places the federal loss at 2,000. As there are already at Chihuahua 500 wounded, the report of rebel losses is thought to have been minimized. Among the rebel wounded is General Tomas Urbina.

It is said that private soldiers taken prisoners are being received into the rebel ranks, but their officers are executed, unless they take the oath of allegiance to the constitutionalist cause. All irregular troops in the federal garrison are executed upon capture.

The attack on Torreon began last Friday, and rebel advices were that General Herrera had taken some of the most important points in the city.

There have been no news dispatches dealing with this attack, and the similarity of this situation with that at Gomez Palacio is pointed out as significant. When Villa was successful there he permitted the newspaper men to send their dispatches, but when he was repulsed, as he was twice, press messages suddenly ceased.

In Juarez it was confidently expressed that news of the capture of the city would form the chief feature of the welcome to General Carranza, and the fact that no message of success of any kind was awaiting him was accepted as indicating that the fate of the city was still in the balance.

Carranza at Juarez.

General Venustiano Carranza, first chief of the revolution, was welcomed to Juarez. In the last two weeks the general has ridden horseback for 500 miles. He looked the picture of health, a living contradiction to stories that he was feeble and that he had constant recourse to stimulants in order to bear up, and other yarns of a similar nature. His appearance also branded many lithographs of him as libels, for they made him appear old and rather thin.

HOW CASUAL WORKERS LIVE

Missouri Labor Commissioner Toils in Camps in Disguise.

Jefferson, Mo., March 30.—The experiences of James J. Barrett, state labor commissioner, as a "casual laborer" are related in an official report submitted by Mr. Barrett to Governor Major. Barrett left St. Louis a month ago, disguised as a tramp, and found work in various construction camps.

The food in the camps is unhealthful, the bunk cars are filthy, the cooks are often diseased and there is grave danger of epidemic in the camp, Mr Barrett says.

Mr. Barret also studied the mental attitude of the casual workers. On this point he reports:

"If this immense army of the down and-outs could get together and stay in one place long enough to become voters they could swing a national election and elect any ticket they put up. There is a deep, terrible undercurrent of rebellion, unrest and revolt among them because of the amazing amount of exploitation and oppression they are subjected to simply because they are tramps."

Must Pay Farmers for Taking Dipley.

Springfield, Mo., March 30.—R. P. Dickerson, who was the backer of Stanley Ketchell, once middleweight champion, must pay three farmers $5,000, with interest, for capturing Walter Dipley, the slayer of Ketchell, according to a decision of the court of appeals here. When the captors put in a claim Dickerson refused to pay it, saying he had offered a reward only in the event that Dipley was brought back dead. Dipley now is serving a life term in the state penitentiary.

Ohio Coal Mines to Close.

Cleveland, March 30.—All coal mines in Ohio will shut down April 1 and will remain closed until a wage contract can be made with the miners and the mine run payment basis removed. C. E. Maurer, president of the Ohio coal operators, announced here.

Storm at St. Joseph.

St. Joseph, Mo., March 30.—A terrific rainstorm, accompanied by hail flooded the low parts of the city and caused considerable damage. More than three inches of water fell.

Predicts Rains for the Week.

Washington, March 30.—Unsettled weather with frequent rains over nearly all parts of the country was predicted by the weather bureau for the coming week.

Facts About Western Canada

The farmer of today is recognized as a business man and puts himself on the pay roll at a salary beyond the dreams of the average man in the city, and he pays dividends on his investment.

Nowhere is he in a better position to realize the full profit of this condition than in Western Canada, with the rich productive soil at small cost and splendid markets; realizing from 40 to 100 per cent on his investment and obtaining the independence that cannot belong to any other business man.

The 433,000,000 bushel grain crop of Saskatchewan and Alberta yielded $235,000,000 to the farmers last year. This represents the partial yield of less than 15 per cent of the available land under cultivation. Millions upon millions of acres of the finest arable land in the world awaits the plough—YOUR PLOUGH.

The annual increase in the world's population establishes an ever-growing market, and nowhere can you find more ideal conditions for grain raising than Western Canada affords. Grain growing, however, is but one item in the success of the Canadian farmer.

Our first excursion to this country of opportunity will be April 7th. For rates and terms see

DIRECT ELECTION

PEOPLE OF 32 STATES TO ELECT U. S. SENATORS NEXT FALL.

DARK HORSE CANDIDATE

Will Be Eliminated—The Contest Over Panama Canal Tolls Law is Exciting.

(By W. C. Van Cleve.)

Washington, D. C., March 28.—The elections next fall will usher in a new epoch so far as the national congress is concerned. Not only will the people have to elect 435 members of the house, but, for the first time, they will be called upon to vote directly for candidates for the United States senate.

The new system of direct election of United States senators that promises to revolutionize both the membership and the methods of the senate, will be on trial in thirty-two states. Already senators have ceased to view public questions in the light of cold logic or according to the viewpoint of powerful state leaders, as the case might be, but they are busy trying to get in closer touch with the people and in diluting logic with public sentiment.

The new system will also eliminate from history the dark horse candidate and make it impossible, except in cases of temporary appointment to fill vacancies, for any man, however able or brilliant he may be, to come to the senate without declaring his candidacy and going before the people.

Senator Myers of Montana, a former Missourian, is perhaps the last man to enjoy the distinction of an election to the senate without asking for it. His name was used during a deadlock in the Montana legislature and he was elected before he knew he was running.

* * *

Though a considerable change in the personnel of the senate is expected, all indications point to an increase in the Democratic majority. With a vacancy already existing in the state of Alabama, the present membership of the senate is: Democrats 51, Republicans 43, Progressive 1. Of the 32 senators whose terms will expire next March, 17 are Republicans and 15 are Democrats.

Of the 17 states now represented by these 17 Republicans, Kentucky will certainly elect a Democrat to succeed Senator Bradley. The Democrats also claim a good chance to elect senators in Ohio and Connecticut, and are disposed to look with hopefulness on New York, New Hampshire, Illinois, Iowa, Pennsylvania, Utah and Kansas. The chances in Pennsylvania, Kansas and some of the other states mentioned depend on the extent to which the Progressives can divide the former Republican vote.

In Pennsylvania an interesting and spectacular campaign is in prospect with the three Ps—Penrose, Pinchot and Palmer—in the center of the stage. Senator Penrose will doubtless be the nominee of the machine Republicans. The Progressives who, in 1912, carried the state by 51,000 over Wilson and by 174,000 over Taft, will stake their political fortunes on Gifford Pinchot, and Representative Palmer will lead the Democratic hosts with the full sanction of the present administration. In Kansas all three parties will make a determined stand, the Progressives being led by their irrepressible house leader, Victor Murdock.

Oregon, Nevada and Colorado furnish all the hope the Republicans have of gaining from the Democrats. The Progressives, at this date, would seem to have no more than a remote chance of winning anywhere.

* * *

There have been no startling developments in either branch of congress during the past week. The house passed the agricultural appropriation bill, including many features of interest to the farmers, and will tomorrow pass the river and harbor appropriation bill. The Hensley bill to prohibit the importation of foreign convict made goods, was again considered and brought forth much political sparring from Republicans who sought to so amend it as to make it an attack on the Underwood tariff law. The amendments were not adopted and the bill was passed.

According to Mr. Hensley there are 148,000 convicts in the United States engaged in the manufacture of various articles of commerce and producing annually about $34,000,000 worth of goods. There are in foreign countries two and a half million convicts engaged in factories, which, according to the ratio of production in this country, are making every year in the neighborhood of $560,000,000 dollars worth of goods which enter into the commerce of the world.

* * *

The most exciting contest in prospect is in relation to the repeal of the section of the Panama canal tolls law exempting American coastwise vessels from the payment of tolls. Private discussion of the matter has become quite heated during the past week and a formidable opposition to the repeal is predicted. The president, however, is still determined in the matter and is very apt to win by a safe majority.

* * *

The senate has discussed the question of woman suffrage, physical training and indulged some oratory on the conditions in Mexico. A vote was reached on the question of a constitutional amendment granting woman suffrage and resulted in a way to give hope to both sides. The vote stood 35 for and 34 against. It lacked the necessary two-thirds majority, but was nevertheless a majority. So the ladies have renewed their activities with added zeal in both senate and house. The house has committed itself to the principle that the qualifications of voters is a matter for the several states to determine each in its own way and will not change.

LANDS GOOD POSITION.

Ralph Rhoades, Former Nodaway County Boy, Now Connected With Minnesota State Fair.

Ralph Rhoades, son of Dr. M. M. Rhoades of Graham, was appointed superintendent of amusements of the Minnesota state fair last week. Mr Rhoades is general manager of a lumber company at Downs, Kan. Mrs. Rhoades is a former Maryville girl, Miss Nona Nixon, daughter of Mr. and Mrs. I. W. Nixon.

The following is from the Downs News:

Ralph Rhoades last Friday received from Secretary Simpson of the Minnesota state fair the appointment as superintendent of amusements of that institution for this year. This is indeed a compliment to Mr. Rhoades, as he last season held the position of assistant manager in the same office. No doubt his personality and ability won him this appointment and promotion. The Minnesota state fair is one of the largest, if not the largest of the state fairs, every department being on a mammoth scale, and the amusement department represents the expenditure of several thousand dollars, as a dozen bands are used and from fifteen to twenty expensive attractions. Mr. Rhoades is undoubtedly well fitted for the position, not only being a business man of ability, but also having had much experience in the outdoor amusement in handling the highest class of attractions.

The Minnesota state fair is held at Hamlin, between Minneapolis and St. Paul, the dates this year being September 8 to 12 inclusive. Mr. Rhoades will go up there about a week prior to the opening, so as to be there to get his talent lined up for the occasion.

REGARDED AS A FINE SHOW.

"Princess Chic" at the Empire Theater on Tuesday Evening.

"Princess Chic," in which the famous Juvenile Bostonians Opera company will present at the Empire theater on Tuesday night, March 31, is the same splendid present-day New York hit that successively brought into stellar fams Maude Lillian Bergi, Vera Michalena, Marguerite Sylva and Christie McDonald. It is regarded as one of the assuredly great successes of the decade, a light opera sparkling with crisp comedy, replete with wonderful musical numbers and pretentious in rich costumes and scenic investiture. It fact, the bare announcement that the Juveniles are to present the piece is guarantee of their high standard of ability, for no manager ever would dare attempt such a sumptuous production without a cast of highest talent.

The most welcome announcement is made by the management that all of the best loved young stars of the company that now is making its ninth annual tour into the west will be presented in this engagement. Thom. Hellen, who had planned to accept an offer from a New York company at the last moment, decided in favor of the company that has established her envied fame, and will be seen in the main role. "Billy" O'Neill, "Patsy" Henry, Ina Mitchell, Daisy Henry and Dixie White also are still in the company, being cast in the other principal parts of the production.

Fred Thompson Operated On.

Fred Thompson, son of Mr. and Mrs. Noah Thompson, was operated on Sunday afternoon at St. Francis hospital for appendicitis. He is doing nicely.

TO BE TWO TICKETS

NON-PARTISAN CONVENTION TO SELECT ONE.

WILL MEET TUESDAY EVE

Hal Hooker From First Ward on People's Ticket—Other Candidates on Non-Partisan Ticket.

The indications are that there will be two entire tickets in the field at the city election, the Non-Partisan and the People's tickets. The People's ticket is already in the field and the Non-Partisan ticket will be selected at the mass meeting to be held at the court house Tuesday evening.

The name of Augustus Romasser for mayor will be submitted at the meeting tomorrow evening for nomination and he will be chosen to head the Non-Partisan ticket. E. C. Moberly and Frank Partridge will contest for the office of city marshal in the convention, and the indications are Moberly will win. For city collector, John G. Grems, the present incumbent, is a candidate, subject to the action of the convention.

For members of the city council, Jesse Fisher is a candidate from the first ward, C. F. Welborn from the second and W. A. Tindall from the fourth. These names will come up before the mass meeting Tuesday evening. In the third ward no one has been selected as alderman, and it was thought today that an effort would be made to have Charles McNeal as the Non-Partisan candidate.

The People's ticket is headed by U. S. Wright for mayor. The name of Mr. Wright will not be submitted at the convention Tuesday evening. Sam G. Selecman will run for city collector and E. C. Moberly for city marshal on this ticket. For members of the city council, Hal T. Hooker will run in the first ward, Frank Garrett in the second, Charles McNeal in the third and W. A. Tindall in the fourth.

Leaders of the People's ticket said today that a great number had signed their petitions requesting these men to run and all of these candidates have accepted.

KILLED IN WRECK.

Passenger Train on the Big Four Wrecked Near West Liberty, O.—Only One Killed.

Mr. and Mrs. J. A. Dempsey of this city received a telegram Sunday morning that Miss Lou Neal of Toledo, O., a sister of Mrs. Dempsey, was instantly killed in a railroad wreck near West Liberty, O. The wreck was on the Big Four route from Detroit to Cincinnati. The rear truck of the dining car left the track at a switch and the rear coach, a chair car, was hurled into the ditch. Miss Neal was thrown through a window.

Miss Neal was about 42 years of age. It is supposed she was making a trip to a town nearby to visit friends and relatives.

Mrs. Mary Gray Dead.

Mrs. Mary Gray of Pickering died early Monday morning after a short illness. She was 75 years old and had lived in Nodaway county many years. Her husband, William Gray, died fourteen years ago. She is survived by a son, Emmett Gray.

The funeral services will be held Tuesday afternoon at 2 o'clock at the First M. E. church in Pickering.

A SEDALIA BOY

"DUTCH CHARLIE," SHOT FRIDAY, PROBABLY HEIMBURG.

HAD BAD REPUTATION

J. G. Gross of Maryville is Certain He is Same Boy He Knew When in Sedalia.

Local authorities are now of the opinion that "Dutch Charlie" Hoffman, who was shot and killed in a struggle with Deputy Sheriff Gabe Purcell last Friday evening, is no other than Charles Heimburg, a former Sedalia boy of bad reputation.

John Williams, a local contractor, claims he talked with Hoffman a week ago on the Burlington train between Arkoe and Maryville, and that Hoffman asked about W. G. Cross of Maryville and said that he used to know him years ago. Mr. Williams, in company with Mr. Gross, identified the body Sunday morning.

Mr. Gross knew Heimburg in Sedalia twenty-four years ago, and he said at that time he was known as one of the bad boys of the town. Hoffman, alias Heimburg, had a scar on the back of his neck and Gross claims that the Sedalia boy had the same kind of a scar.

A man claiming to be an undertaker at St. Joseph, called up Coroner Wallis and wanted him to send the body to him. He claimed he was calling in behalf of a relative. He was informed that the relative would have to appear in person and make formal claim of the body.

Heimburg had about $100 in cash on him.

TO MEET AGAIN SATURDAY.

The People's Telephone Union to Vote on New Constitution at That Time.

The representatives of the People's Telephone Union, in session Saturday afternoon at the court house, failed to adopt the new constitution. The convention took a standing vote on the constitution by sections. Owing to the late hour the last two sections were held over until the next meeting, Saturday, April 4.

The most important section discussed was the section in regard to rates. The majority of the delegates favored having a maximum rate of one dollar for business phones and sixty-five cents for residence. Also that subscribers will have to buy their phones and the company will do no repair work on them, but only on trunk lines.

At the meeting Saturday the constitution will be voted on as a whole.

A NEW STORE FOR MARYVILLE.

Harvey L. Haines of Sabetha, Kan., to Open a Ladies' Ready-to-Wear Store.

Harvey L. Haines of Sabetha, Kan., is to open a ladies' ready-to-wear store in Maryville about June 1, and has leased the Moss building on North Main street, where Mrs. McCrary is now located. The name of the firm will be Harvey L. Haines.

The Maryville store will make the third store for the Haines brothers. One store is at Sabetha, Kan., and is in charge of C. S. Haines, and the other at Eldorado, Kan., and is in charge of F. H. Haines.

Mr. Haines was accompanied to Maryville by his brother, C. S. Haines, and they are well pleased with the city. They are experienced business men.

WAS A HEAVY RAIN.

The Rainfall Up to 7 o'Clock This Morning of Past Two Days Was 1.7.

The showers that we have been having for the past three days are welcomed by the farmers and will put the ground in a good condition for work. Weather Observer Brink reports 1.7 inches of rain since Saturday up to 7 o'clock this morning. For a twenty-four hour period 1.2 inches fell. This has only been exceeded four times in March during the twenty years that the records have been kept. March 12, 1899, for the twenty-four hour period the rainfall amounted to 1.23 inches. March 10, 1901, it amounted to 1.7 inches; for March 24, 1904, 1.38 inches, and for March 17, 1905, 1.4 inches.

The rainfall for this month up to Monday was 2.48 inches. This amount has been exceeded four times for March since the records have been kept. For March, 1899, the rainfall was 2.61 inches; 1901, 4.18 inches; 1904, 3.23 inches; 1907, 2.98 inches.

OPENING OF NEW THEATER.

The Fern Theater Will Present Their First Show in New Building on Wednesday.

The Fern theater will open Wednesday night in their new place, in the old Wadley building, on the south side of the square. The building has been thoroughly remodeled for a theater and is a very attractive place. A new machine for movies has been purchased by the proprietor of the theater, James B. Ells, and is known as a Simplex Kimacolor machine. It will be ready to use on the opening night. New chairs, 18 inches, of steel, unbreakable, with arms, have been put in.

On the opening night a special two-reel film, "The Wild Beasts at Large," will be shown. Another good film will also be given and there will be music by an orchestra.

The new machine can show colored pictures, and Mr. Ells has secured a film of this kind for Thursday night.

DIED IN ST. LOUIS.

Mrs. Fred Rowley Passed Away in St. Louis Hospital Saturday Morning—Burial Here Tuesday.

Burt M. Rowley of this city received word Sunday of the death of the wife of his brother, Fred A. Rowley of St. Louis, which occurred Saturday morning at 2 o'clock in a St. Louis hospital. Mrs. Rowley had been in the hospital since her arrival home from a six months' stay in Colorado Springs, Col., for the benefit of her health. Her general health had been undermined for several years and everything possible was done to restore her to health, but the disease of tuberculosis had too strong a hold upon her to be overcome.

Her body will be brought to Maryville Tuesday morning for burial. Brief funeral services will be held Tuesday afternoon at 2:30 o'clock at the home of Mr. and Mrs. E. B. Sheldon, 413 West Second street, with whom Mrs. Rowley made her home before her marriage. The services will be conducted by Rev. Robert L. Finch. Burial will take place in Miriam cemetery. A funeral service was conducted in St. Louis Monday afternoon.

Mrs. Rowley was 41 years old the 27th day of February last. She was born in Nodaway county, the daughter of Charles Massie. Her parents died when she was quite young, and she grew up in the home of Mr. and Mrs. Sheldon of this city. Everything in regard to her funeral is being done according to her request. She wished her body brought to the home of the only mother she remembered for the last rites, and her burial to take place in Miriam.

She was one of the most successful teachers in Nodaway county at the time of her marriage. She graduated from the Stanberry normal and later from Ewing's Business college of Maryville. She was converted and became a member of the First Christian church of Maryville during the pastorate of Rev. Cleo M. Chilton and lived a beautiful, consistent Christian life.

She is survived by her husband a sixteen-year-old son, Forrest; three brothers and a sister.

On Visit in Kansas City.

Senator and Mrs. Anderson Craig went to Kansas City Saturday evening, where Mrs. Craig will spend three weeks with her son, Dr. Arthur S. Craig. Mr. Craig came up to Savannah Sunday evening to address the union temperance meeting held in Savannah Sunday night at the Methodist church, South.

Estes Bailey is very sick at his home on South Dewey street.

HAD A GREAT TIME

AT THE BANQUET GIVEN BY S. R. BEECH TO FRIENDS.

GOOD AND BAD THINGS

Told On Postmaster Beech by the Speakers—Beeches to Move to California.

Ninety-five mutual friends of Postmaster S. R. Beech dined at the Linville hotel Saturday night. This was Mr. Beech's farewell to Maryville, and his many friends, as he expects to leave for his future home in San Diego, Cal., in a few weeks.

Col. W. C. Pierce was ringmaster for the occasion and, assisted by a half dozen orators of note, said all kinds of good and bad things about the host, all of which was thoroughly enjoyed by him.

At the close of the banquet a fine Hamilton gold watch was presented to Mr. Beech by his friends, with the following inscription on it: "S. R. B." "From his friends, March 28, 1914." The presentation speech was made by G. R. Ellison.

L. C. Cook was called upon by Ringmaster Pierce to talk on "Mr. Beech as a neighbor." The ringmaster requested Mr. Cook not to tell all he knew about the host as a neighbor, but merely to state a few good things about him. Attorney Cook informed the banqueters that he knew nothing good of him, and in an amusing talk let out some neighborly secrets, to which he and his neighbors swore were true. Mr. Beech was called upon to defend himself.

Other speakers were M. E. Ford, W. A. Blagg, George L. Wilfley, Augustus Romasser, John Dawson and George H. Meek.

Mr. Beech has been a resident of Maryville for many years. He came to Nodaway county about 1868 and located eleven miles west of Maryville, and there he led a busy life for some time, farming, teaching school and mining coal.

Always being interested in politics, Mr. Beech was elected sheriff of Nodaway county in 1872. He made such an excellent record that he was re-elected at the expiration of his term, he being the first individual to be elected two terms successively as sheriff of the county. He began studying law during his leisure moments and was admitted to the bar in 1877, and from that time to 1906 successfully applied himself to its severe and exacting labors and duties in this city.

Mr. Beech was appointed circuit judge of this district, filling the unexpired term of Judge Kelley, ending in 1886. In 1892 he was his party's candidate for this office, but was defeated by twenty-two votes.

Mr. Beech served as mayor of Maryville for one term, 1880 to 1882. He was for ten years chairman of the Republican central committee and also served as city attorney.

In 1906 Judge Beech was appointed postmaster by President Roosevelt, and so satisfactorily did he discharge the duties of the same that President Taft re-appointed him to this important position. His term expired March 17, but he will until April 1, when the new postmaster, James Todd, takes charge. Judge Beech was also postmaster away back in the sixties. He held the office of postmaster at Cambridge, Pa., for two years, when he resigned and came to Nodaway county.

The many friends of Judge and Mrs. Beech over Nodaway county regret to see them leave Maryville, but wish them success in their new home.

AFTER COUGHING TWO YEARS

Waycross, Ga., Woman Found Relief in Vinol.

Did you ever cough for a week? Then just think how distressing it must be to have a cough hang on for two years.

Mrs. D. A. McGee, Waycross, Ga., says: "I had a very heavy cold which settled into a chronic cough which kept me awake nights for fully two years, and felt tired all the time. The effect of taking your cod liver and iron remedy, Vinol, is that my cough is gone. I can now get a good night's rest and I feel much stronger in every way. I am 74 years old."

It is the combined action of the medicinal elements of the cods' livers, aided by the blood making and strength creating properties of tonic iron which makes Vinol so efficient for chronic coughs, colds and bronchitis—at the same time building up the weakened, run down system.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Orear-Henry Drug Co., Maryville, Mo. —Advertisement.

SICK, SOUR STOMACH, INDIGESTION OR GAS

Take "Pape's Diapepsin" and in Five Minutes You'll Wonder What Became of Misery in Stomach.

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; **head dizzy and aches; belch** gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.—Advertisement.

BABY DAUGHTER DEAD.

Seven-Months-Old Child Died Saturday Evening While Playing in Her Father's Arms.

Mabel Marie, the 7-months-old daughter of Mr. and Mrs. Ray Lincoln of Clearmont, died suddenly Saturday evening while playing in her father's arms. The little girl had not been well for some time, owing to an affection of the kidneys, but her condition was not regarded as serious. The young parents have the sympathy of all in the first sorrow they have known.

The funeral services were held at 1 o'clock Monday afternoon at the Christian church in Pickering by Rev. J. W. Love of Burlington Junction. Mr. and Mrs. O. A. Lincoln of Burlington Junction also attended.

Mrs. Ray Lincoln is a daughter of Mrs. Laura Watson of Pickering.

Miss Cecile Benight returned Sunday afternoon from a few days' visit in St. Joseph with Miss Myrtle Ladwig and other friends in St. Joseph.

Mrs. Joseph Linneman of Clyde visited in Maryville from Saturday until Monday with her sister, Mrs. Anna Miller.

Mr. and Mrs. Thomas Taylor returned Monday morning from a visit with their daughter, Mrs. Charles Brady of Ft. Wayne, Ind.

Loren Egley returned Saturday from a week's visit with his uncle, Russell Thompson, of Hopkins.

Mrs. Vera Sayler Pickett of Des Moines, Ia., arrived Sunday on a visit to her parents, Judge and Mrs. J. H. Sayler. This is Mrs. Pickett's first visit home since her marriage a few months ago.

Her Husband's Birthday.

A very pleasant surprise was given Frank Buzzard, living north of Maryville, Wednesday evening, March 25, by Mrs. Buzzard, in honor of his twenty-ninth birthday. Quite a number of their friends were invited to spend the evening socially. Music upon organ and violin was enjoyed until a late hour, when a two-course luncheon was spread by Mrs. Buzzard, that consisted of sandwiches, coffee, cake, pie, peaches and oranges. Those present were Mr. and Mrs. Levi Buzzard, Mr. and Mrs. Raleigh Bancroft, Mr. and Mrs. Harry King, Mr. and Mrs. Bert Baldwin and children, Mr. and Mrs. Charles Veach and children, Mr. and Mrs. Marion Crawford, Mrs. T. Norris, Misses Lois Meadows, Ethel Morris, Messrs. Lee Morris and Byron Meadows. All were glad to be one of this merry party.

A Hard Time Party.

Mr. and Mrs. Charles Florea and Mr. and Mrs. Everett Florea, living two and one-half miles northeast of Gaynor, were hosts and hostesses of an old fashioned hard time party at their home a few evenings ago. A ghost met the guests at the door and escorted them to the stairway, where another ghost met them and pointed them to a room in which to leave their wraps. The ghost then directed them to another room where all were seated on the floor. The entire house was lighted by old fashioned tallow candles. The evening was spent in playing old fashioned games and singing and playing old fashioned music. At a late hour the guests were again seated on the floor and served to mush and milk in tin cups, also cheese and cracker sandwiches. Miss Addie Killam and Roy Killam carried off the prize for being the most appropriately dressed couple present. The guests were Lola Chambers, Velma Killam, Hazel Florea, Mabel Munn, Addie Killam, Beulah Taylor, Sarah Wray, Mary Killam, Grace Lewis, Verna Cort, Nannie Heflin, Nellie Gonser, Lucille Husband, Ervin Shelman, Lloyd Killion, Fay Florea, Charles Gonser, Carl Killion, George Barton, Harry Gonser, Delbert Florea, Paul Lewis, Ross Killam, Will Killam, Joe Scott, Vernando Heflin, Earl Taylor, Henry Thompson, Arthur Wray, Robert Nigh, Elmer Montgomery, Gene Florea, Lee Barton, Roy Killam, Clarence Gonser, Earl New, Mr. and Mrs. Bert Killion, Mr. and Mrs. George Hepburn.

All Next Week at the Fern.

Monday—"Thorns of the Gay White Way," Warner's feature in three reels. The eastern papers in the big cities gave much good criticism on this Broadway story. "Betty in the Lion's Den" is the comedy.

Tuesday—"Sophie's Hero" is some Essanay comedy; "Sacrifice" is a Vitograph drama; "The Electririan's Hazard," Kalem.

Wednesday—Opening day at the new Fern. The program follows: "Wild Beasts at Large," in two reels. This is a Vitagraph comedy showing two car loads of wild beasts tipped down an embankment and turned loose. They enter the town and the funny situations that come up will sure make you laugh. One other feature will be shown.

Thursday—Kinamacolor night, the newest thing in pictures. Ladies, see the latest fashions worn by the beautiful New York models. Don't forget this is a big program and Maryville patrons can see Kinamacolor pictures before St. Joseph.

Friday—A big Warner feature of the western order and a good comedy.

Saturday—"Her Father" is a Lubin drama; "Deception" is a Vitagraph drama; "Snakeville's New Doctor" is a scream.

INTERSTATE MEETING OF W. C. T. U. IS HELD

Five Thousand Attend Rally at Kansas City.

Kansas City, March 30.—"If you have got any money in the liquor business, get it out and get it out quick; in five years, brewery stock in this country will not be worth as much as confederate money was in 1865," Mrs. Mary Harris Armour of Macon, Ga., asserted in addressing the International Woman's Christian Temperance union rally. Five thousand persons attended the gatherings and the states of Missouri, Colorado, Nebraska, Arkansas, Oklahoma, Kansas and Mississippi were represented.

The meetings were the first of a series of interstate gatherings to be convened throughout the country to fight for national constitutional prohibition.

CHILD SEES BY PIG'S EYE

Sight Given Infant by Grafting Cornea of Animal.

Baltimore, March 30.—Sight has been given to the left eye of David Kane, nine-months-old son of Herman Kane of Gettysburg, through the grafting of the cornea of a pig's eye to the child's eyeball, according to a statement of physicians at a hospital. Certain tests, they assert, have brought out this fact without doubt. When the bandage was removed from the eye, it was declared, the child followed the course of a lighted candle which was moved in front of him. Another test that brings out the fact more clearly is that the child now winks his eye if a finger or a small object is waved close to the eye.

OXFORD TEAM COMING SOON

English Track Men Will Compete With American College Fours.

Philadelphia, March 30.—Official announcement has been made of the personnel of the Oxford university four-mile relay team, which will run against the best of the American college fours at the University of Pennsylvania relay games at Philadelphia on April 25. The English university team will consist of A. N. S. Jackson, Norman S. Taber, G. M. Sproule and D. N. Gaussen.

Fatal Wreck on Big Four.

West Liberty, O., March 30.—One person was killed and several injured when a passenger train on the Big Four railroad was wrecked near here. The rear truck of a dining car left the track at a switch and the rear coach, a chair car, was hurled into the ditch. Miss Lou Nell of Cleveland, a passenger in the chair car, was thrown through a window and crushed to death when the car overturned. Ten other occupants of the car were cut and bruised.

BURIED IN BURLINGTON JUNCTION

Body of A. Garner Brought From Clarinda Sunday to Former Home—Lived in South Dakota.

Abe Garner of Chalkbutte, S. D., died Saturday in Clarinda, Ia., where he had been visiting for several weeks in company with his wife. They had intended going to Denver, Col., for treatment for cancer, but when they reached Burlington Junction, where they lived eleven years before going to South Dakota six years ago, it was found useless. Mr. Garner's death was caused by cancer.

The funeral services were held Sunday morning at 11 o'clock in the United Brethren church at Burlington Junction by Rev. J. W. Love of the Christian church. Burial in the Ohio cemetery.

He is survived by his wife and three children.

Call For Mass Meeting.

At a regular meeting of the board of aldermen on March 6th, 1914, a citizens' mass meeting was called to meet at the court house at 7:30 p. m., Tuesday, March 31st, for the purpose of nominating the candidates for the various city offices to be voted for at the next general city election. All citizens, irrespective of party, are urged to take part in the deliberations of this meeting, where every man will have a chance to cast one vote for his choice. A full turnout of all the citizens is earnestly solicited, that all may have a part in making up this ticket.

STRIFE OVER TOLLS RENEWED

Congress Absorbed by Battle to Sustain Views of President.

SPEAKER TO CLOSE DEBATE.

Friends of Wilson Confident Sims Bill Will Pass House, but Look for Breakers Ahead in Senate—Numerous Propositions Suggested.

Washington, March 30.—Strife over repeal of toll exemption for American coastwise ships passing through the Panama canal was renewed in both the senate and house today. In the latter general debate was resumed on the Sims bill, leading up to the final vote in that branch of the congress probably Wednesday. In the senate discussion will revolve around one of the many side issues that have arisen, Senator James Hamilton Lewis proposing to discuss a resolution and bill he has introduced to follow repeal as a sort of balm to the wounds of his party members who have thus far opposed the president in his plea for upholding the honor of the nation.

Authority to Suspend Tolls.

Senator Lewis' measure would give the president authority to suspend tolls wherever, in his opinion, he should deem it in the public interest so to do. The Illinois senator will cite precedents upon which he bases the right of congress to extend such authority to the chief executive without offending any foreign nation or violating any treaty agreement. As against the proposal of Senator Lewis, the minority leader, Senator Gallinger, will urge a resolution he introduced last week, which would express it as the sense of Americans that congress has the right to do as it pleases with respect to American shipping through the canal.

In the house, opposing leaders in the fight are setting the stage for the final struggle, all conceding that the scene to attend the closing hours of the debate and roll call will rival in sensational enthusiasm any legislative climax in recent years.

Speaker Champ Clark, whose vigorous statement against the cloture rule last week drew the curtain on the party breach, has prepared an epilogue and the house galleries cannot accommodate the thousands who will scramble for seats to hear him deliver it.

Speaker Will Close.

The speaker has maintained silence since his defeat on the cloture rule, when only fifty-five Democratic members of the house followed their recognized leaders, while some 200 of them stood by the administration, yielding to President Wilson's plea for support that he might deal with foreign problems confronting the nation. He will break the silence on the main issue of the controversy tomorrow, closing the debate on behalf of opponents of toll exemption repeal.

As to the party strife that has been precipitated by this unusual international complication, President Wilson has made no comment. Close advisers of the president insist, however, that he bears no personal nor political ill will toward the leaders of the party who have differed with him in this crisis; that he entertains no thought of holding a political grudge.

Breakers Ahead.

Breakers are ahead for the repeal, however, despite the situation in the house, where it is generally conceded the fight has been won. The only uncertainty in the minds of members as to the outcome of the repeal in the house is the size of the majority it will receive. The vote on the previous question on the cloture rule was won by the president's adherents by a majority of thirty-one. But the senate is yet to be reckoned with. There no cloture rule to limit debate can be ordered and it may be weeks before the question is disposed of.

Senator O'Gorman, who will lead the fight on the repeal within the party ranks, has said senators who propose to vote for the repeal have told him they did not expect a vote for six weeks. Senator Owen and other Democratic champions of the president's cause, assert that delay will serve no useful purpose, and they hope to have the committee on interoceanic canals, of which Senator O'Gorman is chairman, take up the Sims bill as soon as it comes from the house.

The committee is divided on the issue. At present, unless some members of the committee announce a change of view, it appears that the opponents of the repeal might have a majority of one in the committee.

Holdups Attack Party of Eight.

Johnstown, Pa., March 30.—When they refused to hold up their hands at the command of four masked men near Barnesboro, a party of eight men was fired upon and one of their number was killed and two others probably fatally wounded. The five uninjured men, cowed by the wounding of their companions, were robbed of their pay envelopes, amounting in all to nearly $200.

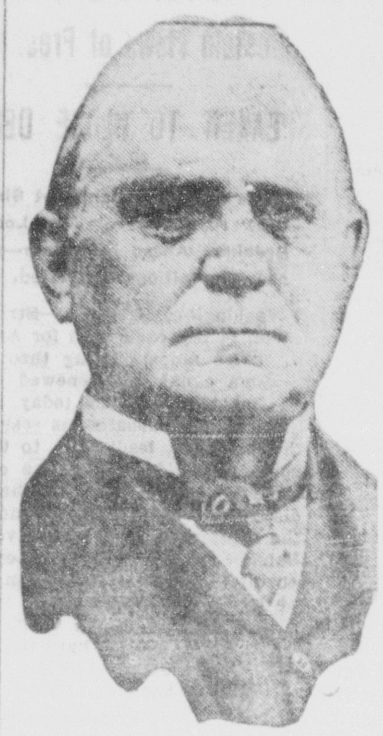
Speaker of House, Who Opposes Administration On Canal Tolls Repeal.



© 1914, by American Press Association.

SAYS WARSHIPS ARE LIKE EGG SHELLS

Modern Guns Too Strong, Declares Lord of Admiralty.

London, March 30.—Winston Spencer Churchill, first lord of the admiralty, has compelled the house of commons to listen for two and a half hours while he gave a review of the latest achievements in naval science so interesting that even the "little navy" men kept their seats to the end.

Battle between great modern ironclads, the first lord described, was "more like a battle between two egg shells striking each other with hammers than two men in armor striking at each other with heavy swords." "The offensive power of modern battleships is out of proportion to their defensive power," he said. "Never was the disproportion so marked. In the light of that illustration the awful importance of good gunnery must come home to us—the importance of hitting first and hitting hard."

Mr. Churchill believes that the British navy leads the world in flying. His personal exploits in that direction have been criticised as foolhardy for one of his position. He promised to give his fellow members an exhibition later in the season by bringing a fleet of airships over the parliament buildings.

THINKS KARLUK IS SAFE

Rear Admiral Peary Receives Letter From Explorer Stefansson.

New York, March 30.—Confidence in the safety of those on board the Karluk of the Stefansson expedition, which was lost track of months ago in the Arctic ice, is expressed by the explorer in a letter to Rear Admiral Robert E. Peary.

In the letter, Stefansson, referring to the Karluk, wrote that "Bartlett is capable of doing whatever can be done and I am sure can do something looking to the safety of those on board if they should have to land on Bank's land. I shall try to winter next year on Bank's or Prince Patrick with the Sachs."

The Bartlett referred to is Captain Robert Bartlett of the Peary expedition, who was in command of the Karluk when it disappeared. The Mary Sachs is another of the Stefansson expedition craft which, with the Alaska, the third vessel, is in winter quarters at Collinson point in the Arctic territory.

CHA LTON LEARNS ITALIAN

Young American Held for Murder Speaks the Language.

Como, Italy, March 30.—Porter Charlton, the young American who killed his wife, Mary Scott Charlton, when they were spending their honeymoon here in June, 1910, has acquired a sufficient knowledge of Italian to avail himself of the privilege under the Italian law to be the first and the last to address the jurors before whom he is to be tried on the charge of murder.

Suspension Bridge Breaks; 5 Drown.

Fresno, Cal., March 30.—By the breaking of a suspension bridge across the San Joaquin river, four men and one woman, crossing in an automobile, were plunged fifty feet into the swift flowing mountain stream and drowned. The occupants of the machine were: L. N. Peart, J. E. Burgess, Percy Marks, Mrs. Percy Marks and an unidentified man.

Fail to Settle Strike.

Buffalo, March 30.—A conference called at the request of the state board of mediation to arrange terms to settle the strike at the Gould coupler works at Depew ended in a deadlock.

BATTLE RAGING IN TORREON CITY

Rebels by Degrees Force Federals to Yield Stronghold.

REBEL LOSS NEAR THOUSAND

Capture Two More Vantage Points, but With Heavy Loss of Life—Trainloads of Wounded Being Sent Back to Chihuahua.

Juarez, March 30.—Fighting is still going on for the possession of Torreon, according to an official message from the front.

The telegram says the rebels now hold all positions except the main barracks and two smaller barracks. In the last twenty-four hours it is reported that General Villa took Cerro de la Cruz and the Torreon foundry.

Another telegram admits a rebel loss in the last six days of 900 killed and wounded, and places the federal loss at 2,000. As there are already at Chihuahua 500 wounded, the report of rebel losses is thought to have been minimized. Among the rebel wounded is General Tomas Urbina.

It is said that private soldiers taken prisoners are being received into the rebel ranks, but their officers are executed, unless they take the oath of allegiance to the constitutionalist cause. All irregular troops in the federal garrison are executed upon capture.

The attack on Torreon began last Friday, and rebel advices were that General Herrera had taken some of the most important points in the city.

There have been no news dispatches dealing with this attack, and the similarity of this situation with that at Gomez Palacio is pointed out as significant. When Villa was successful there he permitted the newspaper men to send their dispatches, but when he was repulsed, as he was twice, press messages suddenly ceased.

In Juarez it was confidently expressed that news of the capture of the city would form the chief feature of the welcome to General Carranza, and the fact that no message of success of any kind was awaiting him was accepted as indicating that the fate of the city was still in the balance.

Carranza at Juarez.

General Venustiano Carranza, first chief of the revolution, was welcomed to Juarez. In the last two weeks the general has ridden horseback for 500 miles. He looked the picture of health, a living contradiction to stories that he was feeble and that he had constant recourse to stimulants in order to bear up, and other yarns of a similar nature. His appearance also branded many lithographs of him as libels, for they made him appear old and rather thin.

HOW CASUAL WORKERS LIVE

Missouri Labor Commissioner Toils in Camps in Disguise.

Jefferson, Mo., March 30.—The experiences of James J. Barrett, state labor commissioner, as a "casual laborer" are related in an official report submitted by Mr. Barrett to Governor Major. Barrett left St. Louis a month ago, disguised as a tramp, and found work in various construction camps.

The food in the camps is unhealthful, the bunk cars are filthy, the cooks are often diseased and there is grave danger of epidemic in the camp, Mr Barrett says.

Mr. Barret also studied the mental attitude of the casual workers. On this point he reports:

"If this immense army of the down and-outs could get together and stay in one place long enough to become voters they could swing a national election and elect any ticket they put up. There is a deep, terrible undercurrent of rebellion, unrest and revolt among them because of the amazing amount of exploitation and oppression they are subjected to simply because they are tramps."

Must Pay Farmers for Taking Dipley.

Springfield, Mo., March 30.—R. P. Dickerson, who was the backer of Stanley Ketchell, once middleweight champion, must pay three farmers $5,000, with interest, for capturing Walter Dipley, the slayer of Ketchell, according to a decision of the court of appeals here. When the captors put in a claim Dickerson refused to pay it, saying he had offered a reward only in the event that Dipley was brought back dead. Dipley now is serving a life term in the state penitentiary.

Ohio Coal Mines to Close.

Cleveland, March 30.—All coal mines in Ohio will shut down April 1 and will remain closed until a wage contract can be made with the miners and the mine run payment basis removed. C. E. Maurer, president of the Ohio coal operators, announced here.

Storm at St. Joseph.

St. Joseph, Mo., March 30.—A terrific rainstorm, accompanied by hail flooded the low parts of the city and caused considerable damage. More than three inches of water fell.

Predicts Rains for the Week.

Washington, March 30.—Unsettled weather with frequent rains over nearly all parts of the country was predicted by the weather bureau for the coming week.

Facts About Western Canada

The farmer of today is recognized as a business man and puts himself on the pay roll at a salary beyond the dreams of the average man in the city, and he pays dividends on his investment.

Nowhere is he in a better position to realize the full profit of this condition than in Western Canada, with the rich productive soil at small cost and splendid markets; realizing from 40 to 100 per cent on his investment and obtaining the independence that cannot belong to any other business man.

The 433,000,000 bushel grain crop of Saskatchewan and Alberta yielded $235,000,000 to the farmers last year. This represents the partial yield of less than 15 per cent of the available land under cultivation. Millions upon millions of acres of the finest arable land in the world awaits the plough—YOUR PLOUGH.

The annual increase in the world's population establishes an ever-growing market, and nowhere can you find more ideal conditions for grain raising than Western Canada affords. Grain growing, however, is but one item in the success of the Canadian farmer.

Our first excursion to this country of opportunity will be April 7th. For rates and terms see
